## **Title I - Parents' Right to Know**

In accordance with the requirement of Federal law, for each school receiving Title I funds, the Superintendent shall make sure that all parents of students in that school are notified that they may request, and the Board will provide the following information about the student's classroom teachers:

- whether the teacher(s) have met the State qualification and licensing criteria for the grade levels and subject areas they are teaching
- whether the teacher(s) is teaching under any emergency or provisional status in which the State requirements have been waived
- the undergraduate major of the teacher(s) and the area of study and any certificates for any graduate degrees earned
- the qualifications of any paraprofessionals providing services to their child(ren)
- in addition, the parents shall be provided:
  - information on the level of achievement of their child(ren) on the required State academic assessments;
  - timely notice if the student is assigned to a teacher who is not "highly qualified" as required, or if the student is taught for more than four (4) weeks by a teacher who is not highly qualified.
  - in a timely manner whether their child has been placed in a Limited English-Proficient Program

## **Title I - Parent/Teacher/Student Partnership Agreement**

The Southern Local School District is dedicated to the success of every student. It is our responsibility to partner with parents and the community. We also work to empower each child to achieve his or her fullest potential and to become a lifelong learner. We make the commitment to motivate, to challenge, and to inspire each other to become the best we possibly can be. To accomplish this, parents, teachers, and students need to work together. We ask that you read over this partnership agreement with your child.

### **Pupil Records**

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard students' privacy and restrict access to students' personally identifiable information.

Student records shall be available only to students and their parents, eligible students, designated school officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law.

Both parents shall have equal access to student records unless stipulated otherwise by court order or law. In the case of eligible students, parents may be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, or otherwise restricted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

### **Student Privacy and Parental Access to Information**

The Board of Education respects the privacy rights of parents and their children. No student shall be required as a part of the school program or the District's curriculum, without prior

written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- political affiliations or beliefs of the student or his/her parents;
- mental or psychological problems of the student or his/her family;
- sex behavior or attitudes;
- illegal, anti-social, self-incriminating or demeaning behavior;
- critical appraisals of other individuals with whom respondents have close, family relationships;
- legally-recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- religious practices, affiliations or beliefs of the student or his/her parents; or
- income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

The Superintendent shall require that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

Additionally, parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

The Board will not allow the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

### **Student Right and Responsibilities**

The Board of Education recognizes that students possess not only the right to an education but many of the rights of citizenship as well.

In providing students the opportunity for an education to which they are entitled, the Board shall attempt to offer nurture, counsel, and custodial care appropriate to their age and maturity. At the same time, the Board recognizes that no student may be deprived of the basic right to equal access to the educational program, and his/her constitutional right to due process and free expression and association as appropriate for the school environment.

Attendant to the rights afforded to each student, however, are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the guidelines and rules of the District.

The Board realizes that as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, s/he may authorize those school matters previously handled by his/her parents, but s/he also assumes the responsibility for his/her performance in school, attendance, and compliance with school rules.

Parents also have rights in the school system to know about their student's educational experience. Specific rights are listed in topic areas of these policies.

In addition, parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. Instructional materials means instructional content, regardless of format, that is provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as materials accessible through the Internet). Instructional material does not include academic tests or academic assessments.

The Superintendent shall, in consultation with parents, develop a procedure addressing the right of parents as described herein and procedures to assure timely response to parental requests to review instructional material. The procedure shall also address reasonable notification to parents and students of their rights to review these materials. See AG 9130A and Form 9130 F3.

This policy shall not supercede any rights under the Family Education Rights and Privacy Act.

### **Harassment Policy**

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

### **Anti-Hazing Policy**

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

### **Civil Rights Compliance**

The Civil Rights Compliance Officer is the High School Principal and he can be reached at 740-721-0521.

### **Non-Discrimination Policy**

Southern Local School District, in accordance with Board policy, does not discriminate on the basis of religion, race, national origin, gender, or the presence of a disability. Any violations of this policy should be promptly reported to the building principal.

### **Directory Information**

The Southern Local Board of Education has designated the following as Directory Information:

- The School District may disclose personally identifiable information if it has been designated as directory information unless the school receives a written request from parents or guardians requesting that the information be withheld.
- The School District must provide notice of the following:
  - The categories of information designated as directory information
  - The right of the parents or eligible student to refuse to permit any or all of such information to be released (the notice procedures in Section "2" are not required for individuals no longer in attendance)
- Directory Information includes the student's:
  - Name
  - Address
  - Telephone Number
  - Date and Place of Birth
  - Major Field of Study
  - Activities and Sports
  - Weight and Height
  - Dates of Attendance

- Degrees and Awards
- Previously Attended Schools
- Photograph (FERPA v R.C. 3319.321)

## Bus

The school provides transportation to all Miller High School students who reside within the school district. Every attempt will be made to work with parents to provide safe and appropriate transportation to and from school. The school bus driver shall be responsible for the discipline of students while they are being transported to and from school. When a problem in student conduct requires stringent discipline, the driver shall report it to the building principal. A student may be suspended from bus transportation by the principal for disciplinary reasons, in which case the parents are responsible for the student's transportation. Attendance at school is still expected if a student is suspended from the bus.

### Bus Rules and Regulations

- Parents and students must assume that school transportation is a privilege for the student, not a right.
- Students will ride on assigned buses. Permission for any deviation from this rule must be requested in writing by the parent. The request shall be made to the administration and approved by the Director of Transportation before any change shall be made.
- Students will ride their assigned bus both from home to school and from school to home unless a written request asking permission to be let off the bus at some other regular stop is signed by the parent and presented to the driver. Parents will assume the responsibility of the child when such request is made and granted.
- Parents are responsible for the safety of students while going to and from pick-up points and for meeting the bus on schedule.
- Buses operate on a time schedule as outlined by the Transportation Supervisor. When the bus is ahead of schedule, the driver shall wait for any student until the time for the stop. S/He will then proceed. When the bus is on schedule, there shall be no waiting for tardy students.
- Parents will be responsible for any damage to a bus by their children.
- Eating, drinking, and littering are not permitted on the buses.
- Chewing gum will not be permitted on the buses.
- Noise on a bus shall be kept to a minimum (Voice Level 2) at all times to assure safety of operation.
- Absolute quiet must be maintained at railroad crossings or other danger areas.
- Nothing shall be thrown out of the bus, nor anything held so as to extend out of the window.
- All parts of students' bodies shall be kept inside the school bus at all times.
- Students shall wait at the curbside of the road to board the bus when it stops in the morning.
- Students shall sit three to a seat. No standing is permitted. Seats may be assigned by the driver to maintain order and for evacuation purposes.
- The driver has the authority to enforce regulations. The students shall conduct themselves on the bus as they would in a classroom. Reasonable conversation (Voice Level 2) is

permissible. Continued disorderly conduct or refusal to submit to the authority of the driver shall be sufficient reason for refusing transportation service to any student.

- Student misbehavior on a bus can have serious consequences by endangering the safety of all other passengers.
- In order to protect Board property, promote security and protect the health, welfare and safety of students the Board of Education authorizes the use of District video surveillance and electronic monitoring equipment on school property, in school buildings, and on school buses.

### **Failure of the Bus to Run**

Absences caused by the failure of the bus to run will not be counted, provided the student brings a note from his/her parent/guardian stating that the student would have attended school had the bus run. This note should be brought when the student returns to school, but no later than five (5) days of his/her return. Parents who choose to bring students to school when the bus did not run due to weather conditions will be responsible for getting the students home again.

### **Employment – Work Permits**

Students under the age of 18 are required by state law to have a current work permit in order to be legally employed - either part or full time prior to graduation. Work permit applications are available in the high school office. During the summer – applications need to be picked up, completed and returned to Southern Local District Office. If you have any questions regarding work permits you may contact the district office at 740-721-0520. Seniors desiring to leave early for work must abide by the Early Work Release agreement.

### **Visitors**

The Board of Education welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

The Superintendent or principal has the authority to prohibit the entry of any person to a school of this District or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuse to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Except as set forth in District policy or in the case of "service animals" required for use by a person with a disability, no other animals may be on school premises at any time.

## **School Counseling/Academics/Enrollment**

### **School Counseling Services**

School counseling services are available for all students 7-12 to help them make decisions concerning courses in high school, personal problems, vocational, college, and any plans beyond high school. Students are urged to take advantage of these services.

### **Promotion/Retention Grades 7 and 8**

Students in grades 7 or 8 who fail to show academic in progress in core subjects for multiple quarters may be retained. **A student who is absent more than 25 days in one school year may also be retained. Parents will be notified in advance before a student is recommended for retention.**

### **Court Orders and Child Custody Documents**

Copies of applicable court orders and child custody papers must be submitted and on file in the school office before a student is enrolled and if anything changes during the school year.

### **Cheating Policy**

Cheating is defined as students passing off as their own work, the ideas or words of another student or copying words from a source without proper citation. Students who willingly provide answers for other students may also be in violation of this policy.

Students caught cheating during class may be disciplined in the following manner

1<sup>st</sup> Offense-- Zero on test, quiz, or paper

Category B Discipline

Discipline report will be sent home

2<sup>nd</sup> Offense-- Category A Discipline

Failure of the class for the 9-week period

>>>Offenses will be recorded for all classes a student has for the entire year. <<<

### **College Visitation Days**

**All excused college visitation days are required to be coordinated with the office in advance of the visit.**

Procedures:

- You must notify the office prior to the date of the college visit.
- Make every effort to schedule visitations on days that quizzes, tests, and exams are not being given. Senior students who are planning to further their education will be permitted two (2) days of excused absence to visit a college or university at which they are seeking admission. Although two days of excused absence are granted, it is to be noted that advance planning has great merit, and there are many days (weekends, vacations, summer vacation, teacher in-service days) when a student could plan to visit a college without missing a day of school. Junior students may be granted one (1) college visitation day subject to the procedure above.

### **Southern Local Credit Flexibility Plan**

Senate Bill 311 passed by the Ohio General Assembly in 2006, raised expectations for what all Ohio Students must know and be able to do to earn a high school diploma. Senate Bill

311 also developed a plan to implement methods by which students could earn units of high school credit based on the demonstration of subject area competency. In addition, lawmakers provided flexibility to students and educators to successfully meet these higher expectations. This plan allows high school students to earn credit in three ways. \*

1. Complete coursework the traditional way through “seat time” in a traditional class.
2. Test out or demonstrate mastery of course content.
3. Pursue one or more “educational options” ex. – distance learning, travel, independent study, internships, music, arts, after-school tutorial programs, or community service projects. \*This applies to students earning high school credit only.

Students interested in being considered for credit flexibility must apply in writing to the school counselor between May 1<sup>st</sup> and the start of the school year (for first semester work) or during the month of December (for second semester work). There will then be a meeting between the student, parent/guardian, and one or more representatives of the Credit Flexibility Committee to develop the credit flexibility plan for the student. The developed plan will be recorded on a credit flexibility form, and signed by all parties involved. Upon completion of the plan, the teachers(s) of record will decide whether the student meets the guidelines of the plan and assign the grade for transcript purposes. For more specific information on credit flexibility options, please see the high school counselor.

### **Gifted Identification Procedures**

The Southern Local Board of Education ensures equal opportunity and access to all students in the district to be fair and equitably accessed for identification in the four areas of giftedness:

#### **Superior Cognitive; Specific Academic; Creative Thinking; and Visual or Performing Arts.**

The Southern Local School District assesses referred students twice yearly. Test scores provided by other school districts and trained personnel are acceptable if the assessment instruments are approved by the Ohio Department of Education. Students transferring into the district will be assessed within ninety days at the request of a parent or legal guardian. Students may be referred for assessment by school personnel, parents, and peers.

Any questions or concerns should be directed to the coordinator of talented and gifted education program at Southern Local Schools, Angie Plant, Phone 740-721-0520. The Ohio Department of Education has approved the district's policy and plan on the identification of gifted students.

### **Southern Local Grading Policy**

A. Southern Local Students grades 3-12 will use the adopted grading scale. Grade 2 transitions to this scale 2<sup>nd</sup> semester. Only grades 9-12 will weight courses.

B. To receive credit for either a semester course or a yearly course, the student must pass the course with a sixty (60%) percent average or better.

C. There are seven parts to the school's grading system *for a yearlong course*:

- \* 1<sup>st</sup> marking period
- \* 2<sup>nd</sup> marking period
- \* 1<sup>st</sup> semester exam (optional)
- \* 3<sup>rd</sup> marking period \* 4<sup>th</sup> marking period
- \* Semester Average

\* Final exam (optional)  
(mandatory for weighted courses – grades 9-12)

There are four parts to the grading system for a semester course:

- \* 1<sup>st</sup> marking period
- \* 2<sup>nd</sup> marking period
- \* Final exam (optional)
- \* Semester Average

D. Letter grade equivalences (4.0 scale)

A	94-100	4.0
A-	90-93	3.67
B+	87-89	3.33
B	83-86	3.0
B-	80-82	2.67
C+	77-79	2.33
C	73-76	2.0

D+	67-69	1.33
D	63-66	1.0
D-	60-62	0.67
F	59 and below	

E. In calculating an individual's semester and/or yearly percentage, the marking period grades are multiplied by two (2) then added to the semester test percentage and divided by five (5) for the semester and by ten (10) for yearly averages. *If no exam is given, the final grade will be the average of the marking periods.* Transfer student's grades will be *pro-rated* using the grades from the previous schools if available. All percentages will be rounded to the nearest whole number. The lowest possible percentage in a yearlong course for the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> marking periods equals 48%. There is no minimum percent for the 4<sup>th</sup> marking period. For semester courses, the minimum percentage for the 1<sup>st</sup> marking period equals 48% with no minimum for the 2<sup>nd</sup> marking period.

F. In grades 7-12, students' grades will be recorded in percentages on grade cards and permanent records *respectively*.

G. Incomplete Policy – all incomplete grades will become a *forty-eight percent (48%) or zero percent (0%) for last quarter* if they are not made up by the interim report period. They are not to be assigned just to give students more time to complete work that should have been turned in. An incomplete in the last marking period of the school year will be replaced with the percent that the student has earned at the end of the teacher's record keeping day.

If a student has received a 3.0 to 3.5 in a grading period they are eligible for the "Honor Roll".

### **National Honor Society**

To be selected for membership in this organization is the highest academic honor bestowed upon any high school student. In order to qualify for membership, a student must have outstanding Scholarship, Leadership, Service, and Character. This is an honor that can only be earned through outstanding combinations of effort and achievement.

### **Schedule Changes**

Students will be given the opportunity to select courses during the spring semester. They should carefully select the courses that will best meet their academic and career goals. They are encouraged to take classes that will challenge and stimulate growth. They are required to consult with their teachers and parents to ensure that the proper placements have been selected. Each student will also have the opportunity for an individual conference with the school counselor to review and confirm that the course selections will meet their goal to graduate from high school and prepare them for their postsecondary goals. Parents are welcome to request to meet with the counselor during this conference. Students will receive a copy of their schedule over the summer via mail. After receiving a copy of their schedule, students will have the opportunity to request a schedule/class change before the first day 5 of school. All schedules must be finalized 10 days after the start of the school year. Any changes after the start of the school year will require a meeting with the school counselor, a class change request form with teacher signatures, and parent/guardian approval. Class changes will be given individualized consideration and decisions will be based on school policy and the best interest of the student's academic progress. When a student withdraws from a class, the withdrawal cannot result in a student having less than 5 credits toward graduation.

Lockers are provided for each student without fee, and are to be regarded as that student's private property by all other students. Inspection of the interior of lockers may be conducted by school authorities for any reason, at any time, without notice, without student consent, and without a search warrant. The personal possessions of students located in a locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. It is against school policy for a student to use any locker other than the one assigned to that student by school personnel. Lockers are school property and should be kept clean and in satisfactory condition. Stickers, glue, or permanent markers will not be used on the inside or outside of school lockers.

## Administration of Medication

A request form shall be filled out and returned to the office or school nurse before any medication can be administered at school. (See forms at the back of this handbook). New request forms must be submitted each school year and as necessary for changes in medication order. A student shall not carry his/her own medication, nor shall a student administer his/her own medication unless he/she does so under the supervision of appropriate school personnel. Students may carry asthma inhalers, if the proper form is provided by the parent or guardian. Tylenol and ibuprofen are considered medications and may not be given without the completion of the request form.

## Medications

All medications must be given to the school nurse accompanied with a form from the doctor with all pertinent information concerning the dispensing of the medication. No medication will be given without this instruction and authorization. This policy applies to ALL forms of medication.

## Use of Prescription Inhalers and EPI Pens

Ohio School Law provides for two (2) options for students that require inhalers:

- Parents and physicians will fill out the "Request for Administration of Medication Form" and return the form to school and the inhaler will be kept in the Southern Local Clinic and be administered with supervision.
- Parents and physicians will fill out the "Request for Administration of Medication Form" and return the form to school and the student keeps and self-administers the inhaler. Please see the school nurse for these forms.

## Drug Prevention

Miller High School will conduct ongoing education for its students about the dangers of using and abusing illicit drugs. This education will consist of classes, assemblies, and advisory flyers that are personally distributed to students. Miller High School will discipline and prosecute to the fullest extent, any violators of the code of conduct related to the possession, use and the sale of illegal drugs and any controlled substances or look alike substances.

## **Health Services**

School health services compliment the educational system. We realize that total health is an important aspect in educating an individual. School health services for the most part are coordinated and implemented by the school nurse. The nurse remains on call daily for district health/accident care during school hours.

The District does not provide student insurance coverage. Information about parental purchase of student insurance will be provided at the beginning of each school year.

### **Emergency School Closing**

Southern Local Schools will be using the "One Call Now System" to alert the community of changes in schedules due to severe weather. In order to receive these calls, please make sure that the district office has an updated telephone number for your residence.

In an effort to avoid excessive loss of school days to bad weather, Southern Local Schools implemented a PLAN A. This plan allows buses to pick up students in locations primarily along the main roads which are often plowed and treated. An elementary bus stop list for PLAN A days will be provided. This information along with approximate stop times is posted on the school website.

All school activities are canceled or postponed when school is canceled due to inclement weather.

If an emergency occurs, the district will keep all students under school jurisdiction and supervision. Staff will remain on duty with the students during the emergency period. Parents are encouraged to not call the school in order to keep phone lines clear for emergency communications. Parents are also encouraged to not pick up their children until the emergency situation has subsided.

### **Athletics**

All high school students are encouraged to participate in school athletic activities. High school athletics are an integral part of the high school experience and key to developing school pride. However, participation is a privilege and students must maintain athletic eligibility as outlined by

the Ohio High School Athletic Association and the Southern Local Board of Education. Students are responsible for fully understanding eligibility requirements and should seek the details of eligibility from their coaches and/or the athletic director.

Students who are ineligible may practice with any athletic team as outlined in the Student Athletic Handbook. Students are expected to be leaders in our school and adhere to all policies and expectations as outlined in the athletic handbook.

Students not participating in extra-curricular activities still play an important role in the school community as spectators. While we encourage students to support extra-curricular events as fans, please remember that all school rules are in effect at both home and away events. In addition, each spectator is expected to:

**PARTICIPATION:** Student athletes must be in attendance all day in order to participate in extra-curricular activities. This includes all team members, cheerleaders, etc. The principal may waive this rule if conditions warrant.

Students not participating in extra-curricular activities still play an important role in the school community as spectators. While we encourage students to support extra-curricular events as fans, please remember that all school rules are in effect at both home and away events. In addition, each spectator is expected to:

1. Remember that he/she is at a contest to support and yell for the team and to enjoy the skill and competition not intimidate or ridicule the other team and its fans.
2. Remember that school athletics are learning experiences for students and that mistakes are sometimes made. Praise student athletes in their attempt to improve themselves as students, as athletes, and as people as you would praise a student working in the classroom.
3. Remember that a ticket to a school athletic event is a privilege to observe the contest, not a license to verbally assault others and be generally obnoxious.
4. Learn the rules of the game so that he/she may understand and appreciate why certain situations take place.
5. Show respect for the supposing players, coaches, spectators, and support groups. Treat them as one would treat a guest in his/her own home.
6. Refrain from taunting or making any kind of derogatory remarks to the opponents during the game, especially comments of ethnic, racial, or sexual nature.
7. Respect the integrity and judgment of game officials. Understand that they are doing their best to help promote the student athletic, and admire their willingness to participate in full view of the public.

### Dance Guidelines

All school rules apply at school-sponsored dances. Students are expected to dance & conduct themselves in a respectful & decent manner. High school dances are **ONLY** for grades **9 – 12.**) Inappropriate, sexually suggestive, “dirty” dancing is prohibited. A qualifying work will be determined by the Junior Class Advisor. A junior who has at least ten (10) works will be eligible to attend the prom for one-half (1/2) the regular ticket price. A junior who has at least twenty (20) works will be eligible to attend the prom at no cost and a junior who has 30 works or more will be eligible to attend the prom and bring a date with no cost to either party. All seniors must have completed one (1) work as a junior to attend the prom for free their senior year. If a student did not accumulate at least one (1) work as a junior, they will be required to purchase a ticket at full price their senior year. **A person must be under the age of 21 to attend the Junior-Senior Prom. ## Student Attendance

### Loss of Credit(s)

The following will be considered excused absences: Death of an immediate family member, medical excuse from a medical professional, school field trip, approved college visitation, participation in school athletic contest, assemblies, school sponsored extra-curricular activities, educational options, court ordered court appearance, drivers exam.

Students who accumulate a total of 6 absences in a semester course or 13 absences in a yearlong course are at risk of losing credit in the classes missed.

**\*\*Right of Appeal** = A student who receives no passing grades for semester or yearlong courses may appeal to the principal if the absences were the result of unusual or extenuating circumstances. In order to appeal a no passing

grade determination, the student or the student's parent or guardian must file a written appeal with the principal within ten days of the date of the letter was sent to the student's home. The written appeal must state the reason why the student's absences warrant special consideration.

The appeal will be considered by the principal who may uphold the no passing determination, reverse the no passing determination, or extended the number of allowable absences. The decision of the principal is final. (Credit recovery options may be available to students.)

**\*\*Students are responsible for coming to class during an appeal, and also after losing passing grades for semester or yearlong courses. Loss of grades does not relieve the student from the responsibility to attend school. State law and board of education policies state that students must attend school.**

## Student Attendance Policy Overview

Students are expected to attend school regularly. Attendance in school is often reflected in a student's grades and achievement. Many studies show that chronically absent students are less likely to be readers in the early grades and less likely to graduate.

Recently, Ohio law on how school districts record and monitor student absences has changed. Attendance will now be tracked in terms of hours, not days. Southern Local Schools have worked to align its policies and procedures to the changes in law and to be in compliance with the recently released guidance information from the Ohio Department of Education.

### **FOR ALL ABSENCES, BOTH EXCUSED AND UNEXCUSED**

A student will be considered to have **Excessive Absences** if they are absent from school for:

- 38 hours or more in one school month. This is approximately 6 days.
- 65 hours or more in one school year. This is approximately 10.5 days.

Parents/Guardians will receive a letter from their child(ren)'s school when one of the above thresholds are met.

#### **What is an Excused Absence?**

Any excused absence requires a note from home stating why the student was not in school. An absence may be excused for the following reasons:

- Call-in absences due to illness up to seven days. Only a doctor's excuses will be accepted for an excused absence after the seventh (7th) day absent.
- Medical, dental, or legal appointments - requires verification from provider.
- Death of a relative.
- Religious holidays.
- Other circumstances as determined by the school administration.

#### **Examples of Unexcused Absences:**

- Oversleeping
- Missing the bus
- Car trouble of any kind
- Running non-emergency errands

#### **Habitual Truancy**

A student is considered to be an habitual truant if he/she has UNEXCUSED ABSENCES that meet any of the following:

- 30 hours of consecutive unexcused absence. This is approximately 5 days.
- 42 hours of unexcused absence in one month. This is approximately 7 days.
- 72 hours of unexcused absence in one year. This is approximately 11.5 days.

If a student reaches the threshold for an habitual truant, the District is required to develop and implement an Absence Intervention Plan. Parents/Guardians will be contacted to participate in the development of the Plan. If a student and/or their family fails to participate or make satisfactory progress with the intervention process, or if the student continues to miss school, the district is required to make a complaint against the parent/guardian and/or the student with Juvenile Court and/or Children's Services.

#### **Expectations for Parents**

Parents are expected to notify the school of their child's absence on the first day of the absence. The parent should call the child's school the day of the absence and send a signed and dated note stating the reason for the absence on the first day the child returns to school.

Notes for excused absences will not be accepted if they are not submitted within five (5) school days of the child's return to school.

### **Make-Up Work**

It is the student's responsibility to obtain assignments from teachers following an absence. The parent may pick up homework for students who have been absent, if requested, from the office. Please allow sufficient time for teachers to collect work.

### **Plan for Excused Absences for Extracurricular Activity**

Pupils absent from school to travel out of state to participate in an extracurricular or enrichment activity approved by the school district are entitled to be excused from class attendance for up to four days per year. If such a pupil is absent for four or more consecutive school days, a classroom teacher employed by the school district must accompany the student to provide instructional assistance. R.C. 3321.041. (House Bill 1)

### **Out-Of State (3321.041)**

School districts, community schools, and STEM schools are required to count as excused absences, up to four (4) days per year, time that a student is absent from school for the sole purpose of traveling out of state to participate in an enrichment activity approved by the district or school governing body or in an extracurricular activity. The student is required to make up all missed classroom assignments. It is specified that, if the student will be out of state for four (4) consecutive school days for a school-approved enrichment activity, a classroom teacher employed by the district or school must accompany the student to provide instructional assistance.

### **Lunchroom Expectations**

The lunchroom is intended to provide a pleasant dining experience for students similar to that of home and/or eating outside the home. Appropriate manners will be taught and reinforced during breakfast and lunch. While in the lunchroom, students should adhere to the following guidelines:

- Talk quietly (Voice Level 2) to others at your table and remain seated until dismissed.
- Listen for and follow directions of the lunchroom staff, aides, teacher, and principal.
- Use good manners.
- Pick up after yourself.
- Remain quiet (Voice Level 0) in the hallways as you enter/exit the lunchroom.
- Walk and be safe.

### **Food Service**

All students will receive a free breakfast and lunch. Students have the option to bring a packed lunch from home. Please check the menu to determine if your child would like to bring a packed lunch. Glass containers are not permitted at school. Pop and energy drinks are not permitted at school. Any questions about lunch accounts should be directed to the Food Services Director at 740-721-0520.

### **Candy/ Food/Drinks**

No food, candy, or drinks are to be brought to school for consumption in any area other than the cafeteria. This includes chewing gum, pop, juice, candy bars, and other food/drink items. Teachers may coordinate special projects in advance, with the building principal on a case-by-case basis. Water in clear plastic bottles with spill-proof lid may be permitted in classrooms by the teacher.

### **Vaping/E-Cigarettes**

If vaping occurs at Southern Local Schools, because of the possibility of e-cigarettes containing controlled substances, we will discipline each incident as a drug-related misconduct. Any use, possession, selling, or attempting to sell any illegal controlled substance and/or look-alike drug will result in a ten (10) day Out-of-School Suspension and a Recommendation for Expulsion. If a student presents a copy of a drug test taken within twenty-four (24) hours of the initial discipline resulting in a negative test for controlled substances, then the discipline will be reduced to a tobacco offense. The drug test will be at the expense of the parent or guardian. Information about drug testing will be provided as needed.
